EXPORTING
GLOBALLY

Messung Workplace Technology is proud to present world-class Network Server/ IT racks encompassing state-of-the-art features.

The **AFM-SERVREX-PLUS, Network Server/IT Racks** optimize server management with easy installations and maintenance. Built with powder coated tough steel body and a glass door, they endure harsh environments while providing visibility. Their streamlined design securely combines racks in rows using baying tabs. AFM-SERVREX-PLUS meets global standards, offering flexibility and comprehensive features.

Highlights

- The rack supports up to 1000 kg of equipment stationery and 800 kg of rolling.
- Fully assembled set-up for rapid deployment and roll into place on heavy-duty pre-installed removable casters.
- Leveling feet extend to allow rack to be positioned on uneven floors. Levelers are removable.
- Front and Rear Door are removable. Open space in side panel and perforation pattern meets server requirements.
- Enclosed rubber grommet hole for cable access.
- The top panel has generous cable access holes. The panel can be removed quickly without having to disconnect cables first.
- Compatibility with airflow optimization accessories as well as cable management accessories.

Specifications

Rack Height	42U
Shipping Weight (kg)	Up to 120
Unit Weight (kg)	Up to 95
Width (mm)	1000
Depth (mm)	1000
Color	Black
Style	Floor Standing
Weight Capacity - Stationary (kg)	1200
Number of Vertical Mounting Rails	4
